Paremmat näkymät vuodelle 2024

Vaikka Nokian Tyresin Q4:n luvut olivatkin hieman estimaatteja alhaisemmat, näemme tärkeämpänä sen, että vuoden 2024 näkymä on paljon parempi verrattuna vaikeaan vuoteen 2023. Näkemyksemme mukaan tuotannon uudelleenrakentamisen hyödyt eivät näy täysin arvostuksessa. Uudelleenrakennusvaiheen aikana osake tarjoaa arviomme mukaan terveen 6,4 %:n osinkotuoton. Toistamme Osta-suosituksen hieman korotetulla 12 kk:n tavoitehinnalla.

- Vaikutus sijoitusnäkemukseen.** Nokian Tyresin suorituskykyä voimakkaasti heikentänyt jakelijoiden varastojen purkamisesta sekä Venäjän tuotannon menetyksen jälkeisestä heikentyneestä tuotantokapasiteetista aiheutunut vastatuuli näkyi vielä Q4:lla, vaikka volyymit henkilöauton rengasyksikössä paranivatkin jokaisella kvartaalilla vuonna 2023. Näkymät vuodelle 2024 ovat selvästi paremmat johtuen yleisesti suotuisemmasta markkinailanteesta alentuneiden varastotasojen jälkeen sekä Nokian Tyresin parantuneesta tuotantokyvystä alihankinta- ja omien tuotantovolyymien kasvun myötä. Jälkimmäisen pitäisi vahvasti tukea toimitusten kasvua jo Q1:llä 2024 kesä- ja all-season -renkaiden volyymien kasvun vauhdittamana. Romanian uuden tehtaan rakennustyöt etenevät aikataulun mukaisesti, mikä on Nokian Tyresille tärkeä laajennusprojekti tavoitellun 15 %:n marginaalin saavuttamiseksi.
- Ennustemuutokset.** Laskemme vuoden 2024 segmentin liikevoitonustettamme 2 %:lla johtuen henkilöautonrenkaat-liiketoimin taysikön hieman alentuneista volyymiarvioista.
- Arvostus.** Nokian Tyres treidaa 2025E EV/EBIT-kertoimella 14x. Break-up arvostuksemme kapasiteetin lisäyksen jälkeen merkitsee 12 kk:n osakkeiden arvoa 10,5 euroa/osake (aikaisemmin 10,3 euroa), jonka alennamme n. 10 %:lla päättyen 12 kk:n tavoitehintaan 9,5 euroa (aikaisemmin 9,3 euroa).

Markkinauutiset ja makrotalous

Varhain torstaiaamuna julkaistaan Kiinan tammikuun kuluttaja- ja tuottajahintaindeksit, joiden uskotaan osoittavan deflaatiopaineiden kasvamisen ja alavireisten uutisten jatkuvan. Konsensuksen mukaan kuluttajahintaindeksi laskee 0,5 % viime vuodesta. Hintojen laskua ohjaa osittain elintarvikkeiden hinnat, mutta emme silti näe laajaa kuluttajahintaindeksin laskua ilman ruokaa ja energiaa, joka on 0,6 % koholla vuositasolla. Saatamme todella nähdä inflaation hidastuvan tällä kertaa, koska tammikuun 2023 pohjainflaatio nousi koronakaranteenien poistamisen jälkeen.

Keskitymme Saksan teollisuustuotantotietoihin joulukuulta. Luvut ovat todennäköisesti heikkoja, koska BKT laski 0,3 % kvartaalitasolla vuoden 2023 viimeisellä neljänneksellä. Mielenkiintoista on kuitenkin nähdä, kuinka todellinen tuotanto menestyi joulukuussa, kun pehmeät indikaattorit ovat osoittaneet parannuksia.

Yhdysvaltain ulkoministeri Anthony Blinken vierailee Israelissa, jossa hän keskustelee ehdotetusta tulitaukosopimuksesta. Hamas oli eilen antanut "positiivisen vastauksen" sopimukseen.

Fedin Barkin puhuu kello 18:30 ja Bowman kello 20:00.

Saksassa joulukuun tehdastilaukset nousivat odottamattomasti 8,9 % marraskuun luvuista, kun konsensusodotus oli -0,2 %. Suuri hyppy johtui kuitenkin suurelta osin lentokonevalmistukseen liittyvistä suurista tilauksista. Kun ei huomioida näitä tilauksia, tehtaiden tilaukset laskivat 2,2 % kuukausitasolla, mikä on enemmän linjassa Saksan BKT:n kanssa, joka supistui 0,3 % vuoden 2023 viimeisellä neljänneksellä.

Euroalueella vähittäismyynti laski joulukuussa 1,1 % kuukausitasolla konsensusodotusten mukaisesti. Pudotus oli melko suuri, joten joulukuun luvut viittaavat siihen, että euroalueen kuluttajat ovat edelleen varovaisia henkilökohtaisten kulujen suhteen, kuten he ovat olleet koko vuoden 2023 ajan.

Yhdysvalloissa tuomioistuin totesi, että Donald Trumpilla ei ollut koskemattomuutta liittyen hänen yritykseensä kumota vuoden 2020 presidentinvaalien tuloksen. Bloombergin 31. tammikuuta tekemän kyselyn mukaan 53 prosenttia äänestäjistä keskeisissä vaa'ankieliosavaltioissa kieltäytyisi äänestämästä Trumpia, jos hänet todetaan syylliseksi rikokseen ennen marraskuun presidentinvaaleja. Trump lupasi valittaa päätöksestä.

Osakkeet: Maailman osakekurssit nousivat eilen ilman erityisiä uutisia. Yhdysvaltojen joukkovelkakirjojen tuottojen lasku riitti tuomaan takaisin pienten yhtiöiden johtaman positiivisen ilmapiirin osakkeissa. Tech-osakkeet eivät menestyneet ja tasapainotettu S&P ylitti virallisen indeksin. Mielenkiintoista on, että "magnificent seven"-yhtiöihin ei ole toistaiseksi kiinnitetty samanlaista huomiota tänä vuonna, vaikka teknologia-ala on menestynyt paremmin kuin vuosi sitten.

Yhdysvalloissa Dow +0,4%, S&P 500 +0,2%, Nasdaq +0,1% ja Russell 2000 +0,9%. Aasian markkinat ovat tänä aamuna vaihtelevat, mutta päivänsisäiset volyymit ovat pienemmät kuin olemme nähneet viime aikoina. Yhdysvaltain ja Euroopan avaus näyttää myös marginaalista muutosta eiliseen.

Disclosures

This research report has been prepared by Equity Research, a division of Danske Bank A/S ('Danske Bank'). The author of this research report is Mika Karppinen .

Analyst certification

Each research analyst responsible for the content of this research report certifies that the views expressed in the research report accurately reflect the research analyst's personal view about the financial instruments and issuers covered by the research report. Each responsible research analyst further certifies that no part of the compensation of the research analyst was, is or will be, directly or indirectly, related to the specific recommendations expressed in the research report.

Regulation

Danske Bank A/S is authorised and regulated by the Danish Financial Services Authority (Finanstilsynet). Danske Bank A/S is authorised by the Prudential Regulation Authority in the UK and subject to regulation by the Financial Conduct Authority and limited regulation by the Prudential Regulation Authority. Details about the extent of our regulation by the Prudential Regulation Authority are available from us on request.

Danske Bank's research reports are prepared in accordance with the recommendations of Capital Market Denmark.

Conflicts of interest

Danske Bank has established procedures to prevent conflicts of interest and to ensure the provision of high-quality research based on research objectivity and independence. These procedures are documented in Danske Bank's research policies. Employees within Danske Bank's Research Departments have been instructed that any request that might impair the objectivity and independence of research shall be referred to Research Management and the Compliance Department. Danske Bank's Research Departments are physically separated from other business areas within Danske Bank and surrounded by arrangements (Chinese Walls) to restrict the flows of sensitive information.

Research analysts are remunerated in part based on the overall profitability of Danske Bank, which includes investment banking revenues, but do not receive bonuses or other remuneration linked to specific corporate finance or debt capital transactions.

Danske Bank, its affiliates, subsidiaries and staff may perform services for or solicit business from Nokian Tyres and may hold long or short positions in, or otherwise be interested in, the financial instruments mentioned in this research report. The Equity and Corporate Bonds analysts of Danske Bank and persons in other departments of Danske Bank with which the relevant analysts have close links are not permitted to invest in 1) financial instruments that are covered by the relevant Equity or Corporate Bonds analyst and 2) the research sector within the geographical area (the Nordics) to which the analyst is linked.

Danske Bank, its affiliates and subsidiaries are engaged in commercial banking, securities underwriting, dealing, trading, brokerage, investment management, investment banking, custody and other financial services activities, may be a lender to Nokian Tyres and have whatever rights as are available to a creditor under applicable law and the applicable loan and credit agreements. At any time, Danske Bank, its affiliates and subsidiaries may have credit or other information regarding Nokian Tyres that is not available to or may not be used by the personnel responsible for the preparation of this report, which might affect the analysis and opinions expressed in this research report.

On the date of the latest calculation, 6 February 2024, Danske Bank A/S, its affiliates and subsidiaries, in the aggregate, beneficially owned a net long position exceeding 0.5% of the total issued share capital by Nokian Tyres.

Danske Bank A/S is a market maker and a liquidity provider and may hold positions in the financial instruments of the issuer(s) mentioned in this research report.

Within the previous 12 months, Danske Bank has acted as Joint Lead Manager of a public offer of credit bonds for Nokian Tyres Plc.

As an investment bank, Danske Bank A/S, its affiliates and subsidiaries provide a variety of financial services, including investment banking services. It is possible that Danske Bank A/S and/or its affiliates and/or its subsidiaries might seek to become engaged to provide such services to Nokian Tyres in the next three months.

Danske Bank A/S has made no agreement with Nokian Tyres to write this research report. No parts of this research report have been disclosed to Nokian Tyres. No recommendations or opinions have been disclosed to Nokian Tyres and no amendments have accordingly been made to the same before dissemination of the research report.

Financial models and/or methodology used in this research report

Recommendations and opinions in this research report are formed on the basis of a combined selection of discounted cash flow analysis, industry knowledge, peer group analysis and company-specific and market technical elements (events affecting both the financial and operational profile of the company). Forecasting of company sales and earnings is based on segmented bottom-up models using subjective views of relevant future market developments. In addition, the expected macroeconomic environment is taken into account. The output is aggregated into models for group profit and loss, balance sheets and cash flow estimates – all taking into account the recent development in historical research reports.

More information about the valuation and/or methodology and the underlying assumptions is accessible via www.danskebank.com/equityresearch.

Risk warning

Major risks connected with recommendations or opinions in this research report, including a sensitivity analysis of relevant assumptions, are stated throughout the text.

Expected updates

This research product will be updated on a semi-annual basis as a minimum.

Completion and first dissemination

The completion date and time in this research report mean the date and time when the author hands over the final version of the research report to Danske Bank's editing function for legal review and editing.

The date and time of first dissemination mean the date and estimated time of the first dissemination of this research report. The estimated time may deviate up to 15 minutes from the effective dissemination time due to technical limitations.

See the back page of this research report for the date and time of first dissemination.

Recommendation structure

The Danske Bank Equity Research recommendation system is absolute. It means that each stock is rated on the basis of a total return, measured by the upside potential (including dividends and capital reimbursement) over a 12-month time horizon.

The Danske Bank Equity Research spectrum of recommendations (or ratings) for each stock comprises three categories: Buy, Hold, Sell (in short B, H, S). In specific cases and for a limited period of time, analysts may have to rate stocks as Rating Suspended (RS) or Not Rated (NR), as explained below.

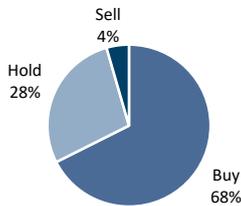

Meaning of each rating or recommendation

- Buy: we expect the stock to generate a total return of more than 10% over the next 12 months.
- Hold: we expect the stock to generate a total return of 0% to 10% over the next 12 months.
- Sell: we expect the stock to generate a total return below 0% over the next 12 months.
- Rating Suspended: the rating is suspended due to a capital operation (e.g. takeover bid, share issue) where the issuer or a related party of the issuer is or could be involved or to a change of analyst covering the stock.

• Not Rated:

- Danske Bank Equity Research produces investment research on Danske Bank but does not have an investment recommendation to buy, hold or sell or any target price on the stock
- Danske Bank Equity Research has removed the rating for this security due to there being insufficient fundamental basis on which to assess the stock's total return.
- Danske Bank Equity Research has terminated coverage on a company.

As at 7 February 2024, Danske Bank Equity Research had investment recommendations on 225 securities. The distribution of recommendations is represented in the Securities ratings breakdown diagram below.

The proportion of issuers corresponding to each of the recommendation categories above to which Danske Bank provided investment banking services in the past 12 months is shown below.

Rating	Investment banking relationships
Buy	67%
Hold	22%
Sell	0%

Changes to recommendation in the past 12 months:

Date	Old rec.	New rec.
16 Mar 2023	Hold	Buy

Validity time period

This communication as well as previous communications referred to below are valid until the earlier of (a) dissemination of a superseding communication by the author, or (b) significant changes in circumstances following its dissemination, including events relating to the market or the issuer, which can influence the price of the issuer or financial instrument.

Investment recommendations disseminated in the preceding 12-month period

A list of previous investment recommendations disseminated by the lead analyst(s) of this research report in the preceding 12-month period can be found in Danske Banks' equity research database at <http://www.danskebank.com/equityresearch>.

Other previous investment recommendations disseminated by Danske Bank Equity Research are also available in the database.

General disclaimer

This research has been prepared by Danske Bank A/S. It is provided for informational purposes only and should not be considered investment, legal or tax advice. It does not constitute or form part of, and shall under no circumstances be considered as, an offer to sell or a solicitation of an offer to purchase or sell any relevant financial instruments (i.e. financial instruments mentioned herein or other financial instruments of any issuer mentioned herein and/or options, warrants, rights or other interests with respect to any such financial instruments) ('Relevant Financial Instruments').

This research report has been prepared independently and solely on the basis of publicly available information that Danske Bank A/S considers to be reliable but Danske Bank A/S has not independently verified the contents hereof. While reasonable care has been taken to ensure that its contents are not untrue or misleading, no representation or warranty, express or implied, is made as to, and no reliance should be placed on, the fairness, accuracy, completeness or reasonableness of the information, opinions and projections contained in this research report and Danske Bank A/S, its affiliates and subsidiaries accept no liability whatsoever for any direct or consequential loss, including without limitation any loss of profits, arising from reliance on this research report.

The opinions expressed herein are the opinions of the research analysts and reflect their opinion as of the date hereof. These opinions are subject to change and Danske Bank A/S does not undertake to notify any recipient of this research report of any such change nor of any other changes related to the information provided in this research report.

This research report is not intended for, and may not be redistributed to, retail customers in the United Kingdom (see separate disclaimer below) and retail customers in the European Economic Area as defined by Directive 2014/65/EU.

This research report is protected by copyright and is intended solely for the designated addressee. It may not be reproduced or distributed, in whole or in part, by any recipient for any purpose without Danske Bank A/S's prior written consent.

Disclaimer related to distribution in the United States

This research report was created by Danske Bank A/S and is distributed in the United States by Danske Markets Inc., a U.S. registered broker-dealer and subsidiary of Danske Bank A/S, pursuant to SEC Rule 15a-6 and related interpretations issued by the U.S. Securities and Exchange Commission. The research report is intended for distribution in the United States solely to 'U.S. institutional investors' as defined in SEC Rule 15a-6. Danske Markets Inc. accepts responsibility for this research report in connection with distribution in the United States solely to 'U.S. institutional investors'.

Danske Bank A/S is not subject to U.S. rules with regard to the preparation of research reports and the independence of research analysts. In addition, the research analysts of Danske Bank A/S who have prepared this research report are not registered or qualified as research analysts with the New York Stock Exchange or Financial Industry Regulatory Authority but satisfy the applicable requirements of a non-U.S. jurisdiction.

Any U.S. investor recipient of this research report who wishes to purchase or sell any Relevant Financial Instrument may do so only by contacting Danske Markets Inc. directly and should be aware that investing in non-U.S. financial instruments may entail certain risks. Financial instruments of non-U.S. issuers may not be registered with the U.S. Securities and Exchange Commission and may not be subject to the reporting and auditing standards of the U.S. Securities and Exchange Commission.

Disclaimer related to distribution in the United Kingdom

In the United Kingdom, this document is for distribution only to (I) persons who have professional experience in matters relating to investments falling within article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005 (the 'Order'); (II) high net worth entities falling within article 49(2)(a) to (d) of the Order; or (III) persons who are an elective professional client or a per se professional client under Chapter 3 of the FCA Conduct of Business Sourcebook (all such persons together being referred to as 'Relevant Persons'). In the United Kingdom, this document is directed only at Relevant Persons, and other persons should not act or rely on this document or any of its contents.

Disclaimer related to distribution in the European Economic Area

This document is being distributed to and is directed only at persons in member states of the European Economic Area ('EEA') who are 'Qualified Investors' within the meaning of Article 2(e) of the Prospectus Regulation (Regulation (EU) 2017/1129) ('Qualified Investors'). Any person in the EEA who receives this document will be deemed to have represented and agreed

that it is a Qualified Investor. Any such recipient will also be deemed to have represented and agreed that it has not received this document on behalf of persons in the EEA other than Qualified Investors or persons in the UK and member states (where equivalent legislation exists) for whom the investor has authority to make decisions on a wholly discretionary basis. Danske Bank A/S will rely on the truth and accuracy of the foregoing representations and agreements. Any person in the EEA who is not a Qualified Investor should not act or rely on this document or any of its contents.
